

# Open Discussion

## INTIMACY AND SEXUALITY... AND CANCER

Open to Women Living With Breast , Ovarian & Gynecological Cancers

The diagnosis was given, the surgery and treatments are over.... and yet the impact of cancer continues.

No one prepares us for the changes this brings to our intimacy and sexuality, but they are real and part of all of our stories.

Please join us as we share concerns, information and our ideas on how to cope.

Thursday, March 30, 2017

7 - 8:30 pm

Support Connection Office  
Yorktown Heights

An open discussion that provides a chance for you to discuss your opinions and thoughts with others who had similar experiences.

A Peer Counselor will lead the discussion.

Pre-registration is required. Call Support Connection:  
914-962-6402 or 800-532-4290.
