"...beautiful first novel that is at once a murder mystery, a coming of age narrative and a celebration of nature. Owens here surveys the desolate marshlands of the North Carolina coast through the eyes of an abandoned child." New York Times Book Review.

At this session of our Book Club, we will discuss Where The Crawdads Sing by Delia Owens

This novel tells the tale of Kya Clark, mysterious "Marsh Girl" of Barkley Cove, who has survived for years alone in a remote shack, finding friends in the gulls and lessons in the sand.

Discussion leader: Amy Curran Baker, author of Now What? A Guide to Recovery After Mastectomy.
